CAMPANIA BIRRIFICIO SERROCROCE

It is at 740 metres above sea level, in the Monteverde area, that our fields stretch out, right at the foot of the Serro della Croce, the highest of the hills overlooking the Oseno Valley, to which we paid tribute by naming our beer after it.

OUR FIELDS, HANDED DOWN FROM GENERATION TO GENERATION, ARE OUR EVERYDAY STAGE

When we say we are farmers before brewers, this is what we mean: the deep bond with the scent of the harvest, the colour of the cereals changing from one season to the next; and also the slow, moving wait for the ears of grain swaying in the wind and dried by the sun, ready for harvest.

Rooted in tradition, driven by innovation: these are our main ingredients, the ones that have made us a Total Green farm.

A winning path in sustainability and energy saving, which earned us the prestigious We Green award and, twice, the Oscar Green.

CHIARA BLOND ALE

Craft beer, straw yellow with a slight haze. White, compact, long-lasting head. Good aromatic intensity with clear hints of exotic fruit, banana, flowers and citrus. A surprising taste: after a light start, dominated by sweet malt and citrus notes, the noble yeasts build up in a crescendo.
